The J. M. Fire Extinguisher

This is the extinguisher that has saved so many automobiles, residences and other property from fire loss. The machine is built on the pump principle and comes charged with the famous J. M. Extinguisher liquid which will not freeze, corrode or damage the finest fabric.

It can be used against any kind of incipient fire. It is particularly effective against oil or gasoline fires. It may be used successfully against any electrical fire. You can save almost enough on your automobile insurance to pay for one of these machines. We have one opened for your inspec-
